Schedule Changes Due to Conditions

Item: 2

Due to the increasing swell on Wednesday as well as on Saturday and Sunday, the Technical Director and Race Director have analyzed the best and safest conditions for the surfers and SUP racers in the upcoming days.

As a result, the Men's and Women's Longboard Repechage Round 1 and Men's and Women's SUP Repechage Round 2 have been moved from Day 3 (July 31st) to Day 4 (Aug 1), whilst Shortboard Men's and Women's Main Event Round 3 has been moved from Day 4 (August 1st) to Day 3 (July 31st).

In addition, and again due to the increasing conditions, the heats times for the Men's & Women's Main Rounds for Shortboard, Longboard and SUP Surfing have been increased to 25 minutes and the finals for all of these disciplines have been increased to 30 minutes.

Lastly, the Men's and Women's SUP Race Finals have been moved from Day 7 (Aug 4th) to Day 5 (Aug 2nd), where the swell conditions are reduced. The SUP Race Director has determined that the increased wave conditions on Sunday, Aug 5 would be unviable and potentially unsafe for the SUP racers.
